Specialization

Geomorphology, Hydrology,
Remote Sensing & GIS.

Research Interest

- ❖ Channel Morphology & Fluvial Morphology
- ❖ Mircolandform in the Ganga River Valley

Professional (Up to 2023)

- ❖ Research Experience: 5 Years
- ❖ Guiding Experience: 0 Years
- ❖ Ph.D. Scholar: Nill
- ❖ Ph.D. Awarded: Nill
- ❖ Life Member:
 1. Indian Institute of Geomorphologists (IGI)
 2. National Association of Geographers, India (NAGI)
 3. Deccan Geographer and Hill geographer (Journal)

Dr. Mukesh Kumar s received his Master of Arts and Doctoral degree from University of Allahabad, Prayagraj, U.P., and India. Dr. Kumar research interests include Ganga River Basin, Channel Morphology, and Remote Sensing & GIS. He has published several research articles during his academic carrier.

Dr. Mukesh Kumar (M.A., D.Phil.)

Assistant Professor of Geography
RHS PG College Singramau
Purvanchal University Jaunpur India

Publications

- Land Use analysis and Pollution Assessment Along the Ganga Valley from Rampurghat to Chunar, 2018 IJSRST | Volume 4 | Issue 5 | Print ISSN: 2395-6011 | Online ISSN: 2395-602X
- Detection of the Change in the Morphology of the Courses of the River Ganga Using Satellite - Derived Data: A Case Study Area, Research Review International Journal of Multidisciplinary, e-ISSN: 2455-3085 | Vol.06 | No.12 | December 2021 | pp. 98-112
- Change Detection in Land Use and Land Cover in the Ganga Valley Using Remote Sensing and GIS: A Case Study Area, Wutan Huatan Jisuan Jishu, ISSN NO: 1001-1749, UGC CARE Group -II Journal Volume XVII, Issue XII, December/2021
- GEOMORPHOLOGICAL DESCRIPTION AND MICRO LANDSCAPE OF THE COURSES OF THE RIVER GANGA: A CASE STUDY AREA, THE JOURNAL OF ORIENTAL RESEARCH MADRAS ISSN : 0022-3301 UGC Care Group 1, MARCH 2022
- DETERIORATION OF THE PHYSICAL ENVIRONMENT DUE TO RIVERPOLLUTION AND ANTHROPOGENIC FACTORS FROM RAMPURGHAT TO CHUNAR IN THE GANGA SECTION, ISSN 2277-7067 UGC CARE Group 1, Volume- IX, Issue 1 (I), 2022-2023
